

## Join our Team: Maintenance Engineer

### The Role

We are seeking an experienced Maintenance Engineer to join our established team of multi-skilled Engineers who provide a first class service throughout our business, 24 hours a day, working on a shift rota system to include days, noon's and 1 in 8 nightshift and Call out rota.

The role will consist of providing hands on support in all aspects of maintenance engineering including responding to breakdowns and diagnosing faults. Taking a proactive approach in the planning and undertaking of scheduled maintenance and at all times working in line with Health & Safety legislation.

### Our Company

We are a successful company who believe that working together as one team will ensure that we achieve our Vision – 'To be a leading force in the global homewares sector growing our great British brands'.

### What you will need to be successful:

A self-motivated team player with an Engineering C&G part 3 or equivalent qualification. Electrical fault finding and installation experience ideally with 17<sup>th</sup> edition I.E.E certificate, plus have experience with PLC's, hydraulics and pneumatics. Understanding and experience of Kilns and Pottery machinery would be ideal along with safe working systems such as permits and R.A.M.S. A passion for providing a first class service to the business is essential.

**If you are confident that you have the pace, enthusiasm and commitment required to make a full contribution to this vital part of our business please send your full CV to: [scooke@portmeiriongroup.com](mailto:scooke@portmeiriongroup.com)**

*Please note: All applications will be processed within two weeks of the closing date.
